

Win a great-sounding MP3 player with micro SD card

Stylish, slimline, touchscreen MP3 players up for grabs!

Your appetite for MP3 players has no doubt been whetted by our group test on page 86, so don't miss this fabulous opportunity to win one of three X-7 MP3 players, recently released by the ATMT group.

The X-7 is an ultra-slim, touchscreen, sleek and sexy MP3 player that is going to steal a great deal of hearts this year.

Now available in Tesco, Maplin and other stores across the UK, the X-7 ticks all the boxes of discerning MP3 player fans: white OLED display plus MP3, WMA, WAV and OGG playback. You also get up

to 12 hours playback from the rechargeable Li-Polymer battery.

Other features of this luxurious MP3 player include a slot for the popular micro SD memory card format, Multi Language ID3 tag file name support and support SRS, WOW and True Bass. The welcome addition of an FM tuner makes the X-7 stand out from the MP3 player crowd and enables you to listen to 20 pre-set FM radio channels, and it includes voice and Line-in recording too.

For a more detailed look at this fantastic little MP3 player, turn to the review on page 93. ■
